

Cut sheet

LightTex Silent

Description

LightTex is a sustainable fabric diffuser with high acoustical properties. Its high level of lighting transmission makes it the perfect solution for TLS luminous surface solutions. Wrinkle free and light weight. Suitable for public and residential applications.

Advantages

- flame retardant
- high light transmission
- high acoustical absorption

Application areas

- public buildings
- exhibition stand
- illuminated ceilings

Specifications LightTex Silent

Width	Maximum 2.4 m
Fabric	100 % Polyester
Weight	195 gr/sqm 18 gr/sqf
Fire classification	NFPA-701, B1, EN 13501-1, B-s1, d0
Sound absorption coefficient	$\alpha_s = 0.82$ (MH) bei 1000 Hz $\alpha_w = 0.50$ (MH)
